Frequently asked questions

Can we bring our own caterer?

We work with 2 exceptional chefs who are familiar with our property and kitchen. Catering packages are an additional cost and price will be calculated based on the amount of guests attending and which catering option you select. Please get in touch to view our menus.

Do you offer beverage packages?

With our guests in mind, Greystone offers the option to supply your own alcohol for your event (BYO). We recommend going through Dan Murphy's, where we can provide you with details for a representative to contact and help you plan your drinks.

If convenience suits you best, we are pleased to assist with arranging some magnificent drops for your special day via our in-house sommelier, SOM.

When can we view the property?

As we have accommodation on-site and to respect our guest's privacy, we cannot show the property when guests are present. However, we conduct inspections during the week. If you are interested, please let us know and we can provide you with our available dates and times coming up.

Can I book for 2025?

We are now accepting bookings for 2025! Please refer to the current wedding packs for pricing and inclusions. We are currently honouring those packs, although prices may be updated later this year. If you are interested, we suggest booking soon to secure the 2024 price.

How can we secure our wedding date?

We require a signed contract and deposit to secure your date. If you cannot visit us in person before securing, no worries! We can arrange a Zoom walk-through or book in a time that suits you after you've secured the date.

"The photos don't do it justice!"

Let's schedule a private tour for you with one of our coordinators who can showcase the magnificence of Greystone. They'll help you find the ideal package that fits both your preferences and budget.

Our dedicated events team is here to ensure your special day is everything you have dreamed of and more.

If you have any further questions please let us know, we are excited and cannot wait to work with you.
